Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Carib Brewery (St. Kitts & Nevis) Limited ('the Company') which comprise the statement of financial position as at 31st December, 2020, and the statement of comprehensive income, statement of changes in equity and the statement of cash flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at 31st December, 2020 and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards ("IFRSs").

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing ("ISAs"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in St. Kitts-Nevis, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information included in the Company's 2020 Annual Report

Other information consists of the information included in the Company's 2020 Annual Report, other than the financial statements and our auditor's report thereon. Management is responsible for the other information.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

**INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF
CARIB BREWERY (ST. KITTS & NEVIS) LIMITED**

Report on the Audit of the Financial Statements (continued)

Responsibilities of Management and The Audit Committee for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRSs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Audit Committee is responsible for overseeing the Company's financial reporting process.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

**INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF
CARIB BREWERY (ST. KITTS & NEVIS) LIMITED**

Report on the Audit of the Financial Statements (continued)

Auditor's Responsibility for the Audit of the Financial Statements (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists; we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The financial statements of Carib Brewery (St. Kitts & Nevis) Limited for the year ended 31 December, 2019 were audited by another auditor who expressed an unqualified opinion.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST DECEMBER, 2020
(Expressed in Eastern Caribbean Dollars)**

1. INCORPORATION AND INFORMATION

Incorporation:

The Company was incorporated as a public limited liability company under the provision of the Companies Act Chapter 335 of the Laws of St. Kitts-Nevis.

In accordance with the provisions of the Companies Act (No.22 of 1196), the Company was re-registered as a Company with limited liability under the provision of the Companies Act (No. 22 of 1996).

The Company's registered office is situated at "Marshall House", Independence Square West, Basseterre, St. Kitts.

In accordance with a resolution of change of name dated 1 May, 1997, the name of the company previously known as St. Kitts Breweries Limited was changed to Carib Brewery (St. Kitts & Nevis) Limited by the issue of a Change of Name Certificate dated 3 July, 1997 by the Registrar of Companies.

Principal Activity:

The Company is engaged in the manufacture, brewing and distribution of beer, lager, stout and non-alcoholic beverages and has the capacity to engage in any lawful acts or activities.

2. SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted in the preparation of these financial statements are set out below. These policies have been consistently applied to the years presented, unless otherwise stated.

(a) Basis of Preparation

These financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS) and are expressed in Eastern Caribbean Currency Dollars. The financial statements have been prepared under the historical cost convention modified by the revaluation of plant and machinery.

CARIB BREWERY (ST. KITTS & NEVIS) LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST DECEMBER, 2020
(Expressed in Eastern Caribbean Dollars)
(continued)**

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

(a) Basis of Preparation

The preparation of financial statements in conformity with IFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Company's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 3.

(b) Changes in accounting policies and disclosures

(i) New Accounting Standards, Amendments and Interpretations

The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the preparation of the Company's annual financial statements for the year ended 31st December, 2019 except for the adoption of the new standards and interpretations below.

Amendments to IAS 1 and IAS 8: Definition of Material (Effective 1st January, 2020)

In October 2018, the International Accounting Standards Board (IASB) issued amendments to IAS 1: Presentation of financial Statements and IAS 8: Accounting Policies, Changes in Accounting Estimates and Errors to align the definition of 'material' across the standards and to clarify certain aspects of the definition. The new definition states that, "information is material if omitting, misstating or obscuring it could reasonably be expected to influence decisions that the primary users of general-purpose financial statements make on the basis of those financial statements, which provide financial information about a specific reporting entity's.

The amendments to the definition of material are not expected to have significant impact on the Company's financial statements.

(ii) Standards in issue not yet effective

The following is a list of standards and interpretations that are not yet effective up to the date of issuance of the Company's financial statements. These standards and interpretations may be applicable to the Company at a future date and will be adopted when they become effective. The Company is currently assessing the impact of adopting these standards and interpretations.

CARIB BREWERY (ST. KITTS & NEVIS) LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST DECEMBER, 2020
(Expressed in Eastern Caribbean Dollars)
(continued)**

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

(b) Changes in accounting policies and disclosures (continued)

(ii) Standards in issue not yet effective (continued)

- Amendments to IFRS 16 – Covid-19 Related Rent Concessions (Effective 1 June, 2020)
- Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 – Phase 2 (Effective 1 January, 2021)
- Amendments to IAS 16 – Property, Plant and Equipment: Proceeds before Intended Use (Effective 1 January, 2022)
- Amendments to IFRS 3 – Reference to the Conceptual Framework – (Effective 1 January, 2022)
- Amendments to IAS 37 - Onerous Contracts, Costs of Fulfilling a Contract – (Effective 1 January, 2022)
- Amendments to IAS 1 – Classification of Liabilities as Current and Non-Current – (Effective 1 January, 2023)
- Amendments to IFRS 4 – Extension of Temporary Exemption from applying IFRS 9 – (Effective 1 January, 2022)
- IFRS 17 – Insurance Contracts (Effective 1 January, 2023)

(iii) Improvements to International Reporting Standards

The annual improvements process for the International Accounting Standards Board deals with non-urgent but necessary clarifications and amendments to IFRS.

Annual improvements to IFRS Standards 2018-2020 cycle

The following amendments are applicable to annual periods beginning on or after 1 January, 2022.

IFRSs	Subject of Amendment
IFRS 1	First-time Adoption of International Financial Reporting Standards Subsidiary as a first-time adopter.
IFRS 9	Financial Instruments – Fees in the ‘10 per cent’ test for derecognition of financial liabilities.
IFRS 16	Leases – Lease incentives
IAS 41	Agriculture – Taxation in fair value measurements

CARIB BREWERY (ST. KITTS & NEVIS) LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST DECEMBER, 2020
(Expressed in Eastern Caribbean Dollars)
(continued)**

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

(c) Property, Plant and Equipment

Some items of property, plant and equipment are stated at valuation less subsequent depreciation. The others are stated at cost less accumulated depreciation.

Subsequent costs are included in the assets carrying amounts or are recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the statement of comprehensive income during the financial period in which they are incurred.

Increases in the carrying amount arising on revaluation of land and buildings are credited to revaluation surplus in equity. Decreases that offset previous increases of the same asset are charged against the surplus directly in equity; all other decreases are charged to the statement of comprehensive income.

Land is not depreciated. Depreciation on other assets is calculated using the straight-line method to allocate their cost or revalued amounts to their residual values over their estimated useful lives as follows:

	Per annum
Buildings	2.5% to 4%
Fences	10%
Plant, machinery and equipment	2.5% to 50%
Motor vehicles	20%
Furniture, fittings and equipment	20% to 50%
Returnable bottles	33.33% to 50%
Returnable crates	10% to 16.67%

The assets' residual values and useful lives are reviewed and adjusted if appropriate, at each statement of financial position date. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amounts. These are included in the statement of comprehensive income. When revalued assets are sold, the amounts included in revaluation surplus are transferred to retained earnings.

CARIB BREWERY (ST. KITTS & NEVIS) LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST DECEMBER, 2020
(Expressed in Eastern Caribbean Dollars)
(continued)**

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

(d) Inventories

Inventories are valued as follows:

- | | |
|-------------------------------------|-----------------------------------------------------------------------------------------------|
| 1) Raw materials and general stocks | - The lower of landed cost determined on the average price basis and net realizable |
| 2) Consumable stores | - The lower of landed cost and net realizable value on a first-in, first-out basis. |
| 3) Work-in-progress | - Raw material costs, direct labour and overheads incurred in brewing, |
| 4) Finished products | - Raw material costs, direct labour and overheads incurred in brewing, bottling and packaging |
| 5) Goods in transit | - Suppliers' invoiced cost. |

Adequate provision has been made for slow-moving and obsolete items.

(e) Returnable bottles and crates in circulation

The provision is based on the number of bottles and crates in circulation at the end of the financial year.

(f) Foreign currencies

Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are re-translated at the rate of exchange ruling at the date of the statement of financial position. The resulting profits and losses are dealt with in the statement of comprehensive income. There are no foreign currency borrowings.

CARIB BREWERY (ST. KITTS & NEVIS) LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST DECEMBER, 2020
(Expressed in Eastern Caribbean Dollars)
(continued)**

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

(g) Cash and Cash Equivalents

Cash and cash equivalents comprise of cash on hand and at bank and short-term demand deposits with original maturity of three (3) months or less.

(h) Trade and Other Receivables

Trade receivables are amounts due from customers for merchandise sold or services performed in the ordinary course of business. If collection is expected in one year or less, they are classified as current assets.

Trade and other receivables are recognized initially at fair value and subsequently measured at amortized cost using the effective interest method, less provision for expected credit loss. The Company uses a provision matrix to calculate expected credit loss (ECL) for trade receivables.

(i) Financial instruments

Financial instruments are contracts that give rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

All regular way purchases and sales of financial assets are recognised or derecognised on the trade date that is the date on which the company commits itself to purchase or sell an asset. A regular way purchase and sale of financial assets is a purchase or sale of an asset under a contract whose terms require delivery of the asset within the time frame established generally by regulation or convention in the marketplace concerned.

Initial measurement

The classification of financial instruments at initial recognition depends on their contractual terms and the business model for managing the instruments. Financial instruments are initially measured at their fair value, except in the case of financial assets and financial liabilities recorded at fair value through profit or loss (FVPL) whereby transaction costs are added to, or subtracted from, this amount. Trade receivables are measured at transaction price.

CARIB BREWERY (ST. KITTS & NEVIS) LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST DECEMBER, 2020
(Expressed in Eastern Caribbean Dollars)
(continued)**

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

(i) Financial instruments (continued)

(i) Recognition and measurement

Subsequent measurement categories of financial assets and liabilities

The Company classifies all its financial assets based on the business model for managing the assets and the asset's contractual terms.

The Company classifies its financial assets at amortised cost except equity which is at fair value through profit and loss.

Amortized cost

Financial assets are measured at amortized cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows and:
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

(ii) Classification and measurement

Financial assets at fair value through profit or loss

Financial assets in this category are those that are designated by management upon initial recognition or are mandatorily required to be measured at fair value under IFRS 9.

Management only designates an instrument at FVPL upon initial recognition when the following criteria is met. Such designation is determined on an instrument-by - instrument basis:

The designation eliminates, or significantly reduces, the inconsistent treatment that would otherwise arise from measuring the assets or recognising gains or losses on them on a different basis, or

CARIB BREWERY (ST. KITTS & NEVIS) LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST DECEMBER, 2020
(Expressed in Eastern Caribbean Dollars)
(continued)**

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

(ii) Classification and measurement (continued)

Financial assets at FVPL are recorded in the statement of financial position at fair value. Changes in fair value are recorded in profit and loss. Interest earned or incurred on instruments designated at FVPL is accrued in interest income, using the Effective Interest Rate (EIR), taking into account any discount/ premium and qualifying transaction costs being an integral part of instrument.

(iii) Impairment

In relation to the impairment of financial assets, IFRS 9 requires an expected credit loss (ECL) model as opposed to an incurred credit loss model under IAS 39. The expected credit loss model requires the Company to account for expected credit losses and changes in those expected credit losses at each reporting date to reflect changes in credit risk since initial recognition of the financial assets. Therefore, it is no longer necessary for a credit event to have occurred before credit losses are recognised.

The Company records an allowance for expected credit losses for its trade receivables using a simplified approach to calculating ECLs whereby it recognizes a loss allowance based on lifetime ECLs at each reporting date. The ECL on these financial assets are estimated used a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment. The provision rates used in the provision matrix are based on days past due.

For all other financial instruments, the Company recognises lifetime ECL when there has been a significant increase in credit risk since initial recognition. If on the other hand the credit risk on a financial instrument has not increased significantly since initial recognition the Company recognizes the loss allowance for the financial instrument at an amount equal to 12-month ECL where applicable. The assessment of whether lifetime ECL should be recognised is based on significant increase in the likelihood or risk of default occurring since initial recognition instead of on evidence of a financial asset being credit-impaired at the reporting date or actual default occurring.

Lifetime ECL represents the expected credit losses that will result for all possible default events over the expected life of a financial instrument. In contrast, 12-month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible with 12 months after the reporting date.

CARIB BREWERY (ST. KITTS & NEVIS) LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST DECEMBER, 2020
(Expressed in Eastern Caribbean Dollars)
(continued)**

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

(i) Financial instruments (continued)

(iii) Impairment (continued)

A financial asset is credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial assets have occurred. Evidence that a financial asset is credit-impaired includes observable date about the following events:

- (i) Significant financial difficulty of the issuer or borrower;
- (ii) A breach of contract, such as a default or past due event;
- (iii) It is becoming probable that the borrower will enter in bankruptcy or other financial re-organization; and
- (iv) The disappearance of an active market for that financial asset because of financial difficulties

(iv) Write offs

The gross carrying amount of a financial asset is written off to the extent that there is no realistic prospect of recovery. This is generally when the Company determines that the borrower does not have assets or resources of income that would generate sufficient cash flows to repay the amount subject to the write-off.

(v) Derecognition of financial assets

The Company de-recognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss.

CARIB BREWERY (ST. KITTS & NEVIS) LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST DECEMBER, 2020
(Expressed in Eastern Caribbean Dollars)
(continued)**

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

(i) Financial instruments (continued)

(vi) Financial liabilities

When financial liabilities are recognised they are measured at fair value of the consideration given plus transactions costs directly attributable to the acquisition of the liability. Financial liabilities are re-measured at amortised cost using the effective interest rate.

Financial liabilities are derecognized when they are extinguished, that is when the obligation specified in the contract as discharged, cancelled or expired. The difference between the carrying amount of a financial liability extinguished and the consideration price is recognised in the statement of comprehensive income.

(j) Revenue Recognition

Revenue comprises the fair value of the consideration received or receivable for the sale of goods and services in the ordinary course of the Company's activities. Revenue is shown net of estimated returns, rebates and discounts.

Revenue is recognized when the Company has delivered products to the customer; the customer has accepted the products and collectability of the related receivables is reasonably assured.

(k) Related Parties

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial or operating decisions. Transactions entered into with related parties in the normal course of business are carried out on commercial terms and conditions during the year.

(l) Income tax

The charge for the current year is based on the results for the year as adjusted for items which are non-assessable or disallowed. It is calculated using the applicable tax rates for the period.

CARIB BREWERY (ST. KITTS & NEVIS) LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST DECEMBER, 2020
(Expressed in Eastern Caribbean Dollars)
(continued)**

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

(l) Income tax (continued)

Deferred income tax is provided using the liability method, on all temporary differences at the statement of financial position date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes. Deferred tax assets and liabilities are measured at the tax rate that is expected to apply to the period when the asset is realized or the liability is settled, based on the enacted tax rate at the statement of financial position date. Deferred tax assets are recognized to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilized.

(m) Stated capital

Ordinary shares are classified as equity.

(n) Trade payables

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current liabilities.

Trade payables are recognised initially at fair value and subsequently measured at amortized cost using the effective interest rate method.

(o) Provisions

Provisions are recognized when the Company has a present legal or constructive obligation, as a result of past events, if it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made.

(p) Dividends

Dividends that are proposed and declared during the period are accounted for as an appropriation of retained earnings in the statement of changes in equity.

CARIB BREWERY (ST. KITTS & NEVIS) LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST DECEMBER, 2020
(Expressed in Eastern Caribbean Dollars)
(continued)**

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

(q) Finance charges

Finance charges are recognized in the statement of comprehensive income as an expense in the period in which they are incurred.

(r) Intangible assets

Amortisation is charged to comprehensive income on a straight-line basis over the estimated useful lives of the intangible asset unless such lives are indefinite. Intangible assets with an indefinite useful life are tested for impairment annually. Other intangible assets are amortised from the date they are available for use. The useful lives are as follows:

Software costs – 5-10 years

Amortisation periods and methods are reviewed annually and adjusted if appropriate.

(s) Past service benefits liability

The Company provides past service benefits to their retirees. These benefits are unfunded. The entitlement to these benefits is based on the employees remaining in service up to retirement age and the completing of a minimum service period. The expected costs of these benefits are accrued over the period of employment, using an accounting methodology similar to that for the defined benefits plan.

3. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS IN APPLYING ACCOUNTING POLICIES

The development of estimates and the exercise of judgment in applying accounting policies may have a material impact on the company's reported assets, liabilities, revenues and expenses. The items which may have the most effect on these financial statements, are set out below.

i) Valuation of property

The Company utilizes professional valuers to determine the fair value of its plant and machinery. Valuations are determined through the application of a variety of different valuation methods which are all sensitive to the underlying assumptions chosen.

CARIB BREWERY (ST. KITTS & NEVIS) LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST DECEMBER, 2020
(Expressed in Eastern Caribbean Dollars)
(continued)**

3. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS IN APPLYING ACCOUNTING POLICIES (continued)

ii) Provision for expected credit losses of trade receivables

The Company uses a provision matrix to calculate ECLs for trade receivables. The provision rates are based on days past due.

The provision matrix is initially based on the Company's historical observed default rates. The Company will calibrate the matrix to adjust the historical credit loss experience with forward-looking information. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Company's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future.

iii) Property, plant and equipment

Management exercises judgment in determining whether future economic benefits can be derived from expenditures to be capitalized and in estimating the useful lives and residual values of these assets.

iv) Provision for inventory obsolescence

Provision for obsolescence on inventory is based on the assessment of the physical condition of inventory and the levels of obsolete or unsaleable inventory items on hand.

v) Impact of COVID-19

Background

COVID-19, which is a respiratory illness caused by a new virus, was declared a world-wide pandemic by the World Health Organisation on March 11, 2020. The Company has considered the impact of COVID-19 in preparing its financial statements.

CARIB BREWERY (ST. KITTS & NEVIS) LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST DECEMBER, 2020
(Expressed in Eastern Caribbean Dollars)**

(continued)

3. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS IN APPLYING ACCOUNTING POLICIES (continued)

(v) *Impact of COVID-19 (continued)*

Consideration of the statements of financial position and further disclosures

Key considerations of the impact of COVID-19 on statements of financial position and related disclosures were as follows:

Expected Credit Losses

Trade and other receivables:

For trade and other receivables, the Company adopted the simplified approach for determining the provision for expected credit losses, as permitted by IFRS 9. In response to the COVID-19 pandemic, the Company assessed the need to adjust the loss rates to incorporate forward-looking information, taking into account the expected recovery rate of receivables and various applicable macroeconomic factors. Based on the analysis performed as at 31 December 2020, no material overlay adjustments specifically related to the COVID-19 pandemic was considered necessary.

Going concern

In accordance with the requirements of IAS 1 'Presentation of Financial Statements', the Company has performed a going concern assessment as of the reporting date. While the COVID-19 pandemic has heightened the inherent uncertainty in the going concern assessment, the Company has concluded that there are no material uncertainties that may cast significant doubt on its ability to continue to operate as a going concern. The financial statements have therefore been prepared on the going concern basis.

CARIB BREWERY (ST. KITTS & NEVIS) LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST DECEMBER, 2020
(Expressed in Eastern Caribbean Dollars)

9. INVESTMENT SECURITY (continued)

The only asset of St. Kitts Development Limited is land at Half Moon Bay and Muddy Pond located adjacent to Frigate Bay (prime tourist resort). The Company has the approval of the Government for the development of these lands for housing and tourism. The Company has commenced development of these lands.

The Director's opinion based on the current market value of lands of similar nature in the adjacent Frigate Bay Development and general land value in St. Kitts, is that the present value of the Company's lands exceeds their historical value quite considerably.

The fair value of the St. Kitts Development Limited shares was estimated at cost since insufficient information was available to measure fair value.

Deferred expenditure on bottles and crates	7,867,811	(7,867,811)	-
Property, plant and equipment	15,918,434	7,755,165	23,673,599
Inventories	8,343,708	112,646	8,456,354

26. RISK MANAGEMENT

Risk is inherent in the Company's activities but is managed through a process of ongoing identification, measurement and monitoring, subject to risk limits and other controls. The management of risk is important to the Company's continuing profitability and each person is accountable for the risk exposures relating to their functions and responsibilities. The Company is exposed to credit risk, liquidity risk and market risk.

The Board of Directors is responsible for the overall risk management approach and for approving the risk strategies, principles, policies and procedures. Day to day adherence to risk principles is carried out by the executive management of the Company in compliance with the policies approved by the Board of Directors.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST DECEMBER, 2020
(Expressed in Eastern Caribbean Dollars)
(continued)**

26. RISK MANAGEMENT (continued)

(a) Credit risk:

Credit risk management

The Company has exposure to credit risk, which is the potential for loss due to debtors or counterparties failure to pay amounts when due. Credit risk is the most important risk for the Group's business therefore management carefully manages its exposure to it. Credit risk exposures arise principally from the Company's receivables and financial transactions. The Company extends credit to recognized, creditworthy third parties who are subject to a credit verification process.

Significant changes in the economy, or in the state of a particular industry segment that represent a concentration of the Company's customer base, could result in losses that are different from those provided at the date of the statement of financial position.

Trade receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The Executive Committee has established a credit policy under which each customer is analyzed individually for creditworthiness prior to the Company offering them a credit facility. Credit limits are assigned to each customer, which represents the maximum credit allowable without approval from the Board of Directors. The Company has procedures in place to restrict customers' orders if the order will exceed their credit limits. Customers that fail to meet the Company's benchmark creditworthiness can only trade with the Company on a cash basis.

Credit risk management

Customer credit risk is monitored according to their credit characteristics such as whether it is an individual or company, types of industry, aging profile and previous financial difficulties. The Company's credit period is thirty (30) days. Trade receivables over one hundred and eighty (180) days are fully provided for.

Expected credit loss booked	<u>(18,192)</u>	<u>(33,034)</u>	<u>(31,743)</u>	<u>(696,841)</u>	<u>(779,810)</u>
Net carrying amount	<u>\$1,801,022</u>	<u>\$627,637</u>	<u>\$133,670</u>	<u>\$_____</u>	<u>\$2,562,338</u>

(b) Fair values:

Fair value of the financial assets and liabilities represents the amounts at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The fair values of cash and cash equivalents, trade and other receivable, due from Group Companies, trade and other payables and due to Group Companies approximate their carrying amounts due to the short-term maturities of these instruments.

(c) Liquidity risk

Liquidity risk is the risk that the Company will be unable to meet its payment obligations when they fall due under normal and stress circumstances. The Company monitors its liquidity risk by considering the maturity of its financial investments, financial assets and projected cash flow from operations. Where possible the Company utilizes surplus internal funds to finance its operations on on-going projects.

CARIB BREWERY (ST. KITTS & NEVIS) LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST DECEMBER, 2020
(Expressed in Eastern Caribbean Dollars)

26. RISK MANAGEMENT (continued)

Liquidity risk

Liquidity risk management process:

The Company's liquidity management process includes:

1. Monitoring liquidity on a daily basis and further cash flows on a monthly basis.
2. Maintaining a portfolio of cash investments with staggered maturity dates that can be easily terminated if required.
3. Maintaining committed lines of credit.
4. Maximizing cash returns on investment.

The table below summaries the maturity profile of the Company's financial liabilities at 31st December, 2020 based on contractual undiscounted payments.

	On Demand	< 1 year	Total
Trade and other payables	6,577,774	-	6,577,774
Provision for repayments of deposits on cases	722,071	-	722,071
Amount due to Group Companies	_____ -	<u>1,316,098</u>	<u>1,316,098</u>
Balance at 31st December, 2020	<u>\$7,299,845</u>	<u>\$1,316,098</u>	<u>\$8,615,943</u>
Trade and other payables	6,763,018	-	6,763,018

26. RISK MANAGEMENT (continued)

Market risk

The Company takes on exposure to market risk which is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risks mainly arise from changes in foreign currency exchange rates and interest rates. There have been no changes to the Company's exposure to market risks or the manner in which it manages and measures the risk from the previous years.

Interest rate risk

Cash flow interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Fair value interest rate risk is the risk that the value of a financial instrument will fluctuate because of changes in market interest rate. Since the Company holds primarily fixed rate financial instruments and also has no significant interest-bearing assets or liabilities, its income and operating cash flows are substantially independent of changes in market interest rates.

Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Such exposure arises from sales or purchases in currencies other than the Company's functional currency. Management monitors its exposure to foreign currency fluctuation and employs appropriate strategies to mitigate any potential losses. The Company operates primarily in The Eastern Caribbean; although some of these transactions are in United States Dollars, the currency risk exposures are minimal due to the fact that the Eastern Caribbean dollar is pegged to the United States Dollar. The Company is also exposed to a minimal amount of currency risks from transactions conducted in Euro, Pounds Sterling and Trinidad and Tobago and Guyana Dollars.

27. EVENTS AFTER THE REPORTING PERIOD

The duration and extent of the COVID-19 pandemic and related financial, social and public health impacts of the pandemic are uncertain. As such, the actual economic events and conditions in the future may be materially different from those estimated by the Company at the reporting date. No matters have arisen since the end of the financial year which have significantly affected or may significantly affect the operations of the Company. The Company will continue to closely monitor the situation in order to plan its response, if necessary.
