1. Financial Statements:

S. attached I & E and Financial Position.

2. Management's Discussion and Analysis of Financial Condition and Results of Operation

Results of Operations:

Rental income for the first half of 2015 decreased by 51% to EC\$0.9 million compared to the first half of 2014 (EC\$ 1.8 million). Total income incl. service recharge, parking and other income decreased to EC\$1.03 million from 2014 (EC\$ 2.13 million). The reduction in total income is primarily due to the granting of non-budgeted and seasonal discounts to distressed tenants. Additionally management continues to postpone interest charges on customer arrears in light of the downturn in economic activities affecting most tenants.

Operational expenses showed a decrease to EC\$ 0.33 million from 2014 (EC\$0.73 million) and kept within the budget target of EC\$0.38 million. General expenses decreased to EC\$ 0.06 million from 2014 (EC\$ 0.3 million). This decrease is mainly due to the change in professional service fees from the bank.

A lower interest costs totaling EC\$ 0.73 million than that of the first half of 2014 (EC\$ 1.4 million).

Overall, the company recorded a loss for the six month period ending June 2015 of EC\$ 0.098 million which is an improvement from the loss in 2014 of EC\$0.34 million. Management continues to explore cost minimization options and alternative marketing strategies to attract new tenants and find alternative revenue generating streams.

Balance Sheet and Cash Flows:

The balance sheet shows improvement due to a higher fair market valuation of its properties. The Loan to Value ratio of 57% is slightly above the financial covenants agreed with the bank.

Trade receivables have decreased EC\$0.45 million from 2014 (EC\$0.76 million), trade and other payables have changed insignificantly EC\$2.3 million from that of 2014 (EC\$ 2.1 million). Management continues to work with liquidity constraints but remains optimistic that the cash situation will gradually improve in particular as they attempt to engage in the best fit refinancing option.

Off Balance Sheet Arrangements:

The Company does not have any off-balance sheet arrangements.

3. Disclosure of Risk Factor

No additional risk factors to the ones already stated in the Prospectus dated June 30, 2008 occurred.
